Student Prompt Sheet

Studying Abroad with ChatGPT (Chapter 3.4)

University and Study Programs

- I am an Indian student studying in Class 12. I took physics, chemistry, maths and biology as my subjects in class 10. I want to pursue bachelors in engineering in Germany. Can you give me a list of 10 best universities and their study programs in Germany which teach in English are suitable for me? Also give the cost of each the program

- Can you suggest some scholarships or financial aid options for Indian students who want to study abroad in Netherlands?

- ~~Which countries are best for an Indian student wanting to study engineering abroad?~~ This is a bad prompt, what is best is relative for everyone. Do you want the country with the highest job opportunities or the best reputation or the one with most affordable cost? Writing this usually yields the most popular countries. You will suddenly notice how the list is different with the following prompt.

- Which countries offer the most affordable cost of living and cost of studying engineering as an Indian student abroad?

Cost of Living

- What living expenses can I except to have, if I live as an Indian student in London for 3 years?

- What living expenses can I except to have, if I live as an Indian student in Munich for 3 years? Compare this to Karlsruhe

- Give me pros and cons of living in Munich vs living in Karlsruhe as an Indian student?
